Weekend Brainstorm

Please write 3 different things that you did this weekend. Do this on Sunday and bring it in Monday morning.

The diagram consists of a central rectangular box labeled "My Weekend". Two lines extend from the top corners of this box to the bottom corners of two separate rounded rectangular boxes positioned above it. A third line extends from the bottom center of the "My Weekend" box to the top center of a third rounded rectangular box positioned below it. Each of these three rounded rectangular boxes contains five horizontal lines for writing.
